

Bridge School Malvern

Newsletter - Spring 2 - 2022

We are all looking forward to the Easter break after working hard to get the growing and animal areas ready for a new intake of pigs and crops. There has also been visits out and visitors in, extra curricular activities and work experience. The pupils have all been brilliant ambassadors of the school and worked really hard. Let's take a look at some of those events...

Bikeability

Six pupils successfully undertook their bikeability training this half-term. Bikeability teaches pupils how to understand and negotiate the road, use hand signals and share the road with other vehicles. The training took place both at school and on local roads. It improved pupils' confidence and, moreover, was lots of fun!

Welcome to...

Joe. Our new coach with a wide range of skills and lots of experience as well as a keen keen rugby player... he might even let the lads get the ball occasionally! He will be focusing on employability skills and will be joining the outdoors vocational team.

Cookery School

What a great job our pupils did in recruiting family to come along to our Saturday Cookery School. Under the careful direction of our chef, they made a delicious main course, banana ice cream and forest fruit meringue. Our next Cookery School is on Saturday 5th May. Please let reception know if you want to come along. It's free!

After school Enrichment

Pupils had a very creative and fun time at our last enrichment after school activity. They created decorations for our Easter tree which you will agree looks AMAZING. There were also some fun games of chess between pupils and staff - you could hear the cogs whirring as they battled for checkmate.

Attendance

"Eighty percent of success is showing up" — Woody Allen

Good attendance at school is not just valuable, it's essential. Going to school is directly linked to improved qualification success which leads to more further learning opportunities and better job prospects. As well as this, going to school helps to develop friendships. social skills. team values, life skills and cultural awareness.

The school's attendance score this term was...

Let's see if we can beat that next term.

Of course, we must all stay at home if we are too ill to work or learn.

Rugby stars

Worcester Warrior community coaching staff have been delivering rugby skills at the Bridge. Pupils have shown fantastic skills but also sportsmanship and teamwork. They have also met Scottish international (who is also a Worcester women's player) Caity Mattinson and had the opportunity to play alongside her in our touch games. What a fantastic experience for all.

Bridge-wear

A reminder that Bridge hoodies and t-shirts can be ordered through the office. Hoodies come in sizes: XS to XXL. Choose from black with sapphire blue hood, navy with hot pink hood and navy with sky blue hood at £10 each. Navy t-shirts come in long or short sleeves starting from £5. Contact the office for more details.

Fancy joining a swim club?

Get yourself down to the Ledbury and Malvern swimming club as they are currently accepting new members. Go on, take the plunge.

Lateral Flow Testing - Summer Term

We will not be routinely lateral flow testing next term. Please can pupils stay at home if they have a respiratory infection, coughing, sneezing or a temperature, and return only when they are symptom free. Pupils with symptoms in school will be temperature checked and given a LFT and sent home.

Important dates for your diary:

25th April: Teacher training day
26th April: Pupils back to school
2nd May: Bank Holiday

5th May: Cookery School
27th May: Last day of Half term
6th June: Pupils return after half term break
